Supplement to the

"Proceedings of the Indian Academy of Sciences"

INDEX TO VOL. LXXV (B)

AUTHORS' INDEX

Agnihothrudu, V. .. Fungi associated with the new malady of coffee in South India, 55.

.. A new genus of phragmosporous phaeostilbeae from a Rubber Estate in Kerala, 155.

Basu, S. L. .. *See* Kasinathan and Basu.

Bhambie, S. .. Correlation between form, structure and habit in some lianas, 246.

Bhavanarayana, P. V. and Ganapati, P. N. Distribution of pelagic tunicates in the western part of the Bay of Bengal, 1.

Chamaiah, H. N. .. *See* Raju and Chamaiah.

Chandrasekkhar, K. and Khosa, D. Histomorphological studies on neurosecretory system of three genera of freshwater teleostean fishes, 257.

Darekar, M. R. and Duguid, J. P. The influence of fimbriation on the infectivity of *Salmonella typhimurium*, 283.

Duguid, J. P. .. *See* Darekar and Duguid.

Ganapati, P. N. .. *See* Bhavanarayana and Ganapati.

Govil, C. M. .. Morphological studies in the family Convolvulaceae, IV, 271.

Govindarajalu, E. .. The comparative morphology of the Alangiaceae, V, 221.

Govindarajalu, E. and Rajasekaran, K. Further contribution to the anatomy of the Stemonaceae (Roxburghiaceae) *Stemona tuberosa* Lour., 215.

Kasinathan, S. and Basu, S. L. Seasonal variation and exogenous hormonal effect on the interrenal glands of *Rana hexadactyla* Lesson, 191.

Kaul, M. L. H. .. Studies on *Argemone mexicana* Linn., VI, VII, 86, 94.

Kaur, Surjit .. Contributions to the morphology of *Dennstaedtia* 32.

Khan, Sagir, H., Siddiqui, A. Qayyum and Hasnain, Absarul — The hypotomic fragility of some fish erythrocytes 266.

Khosa, D. ... *See* Chandrasekhar and Khosa.

Lodha, B. C. .. *See* Narayana and Lodha.

Mahabalé, T. S. and Nair, Lizzie N. — Cytology of some species of the Ophioglossaceae in India, 201.

Manibhushanrao, K. .. *See* Narayanarao and others.

Mohan, P. Chandra and Rao, T. S. Satyanarayana — Tidal cycle studies in relation to zooplankton distribution in the Godavari Estuary, 23.

Nair, Lizzie N. .. *See* Mahabalé and Nair.

Narayana, H. S. and Lodha, B. C. — Embryology of *Glinus lotoides* Linn., 77.

Narayanarao, A., Manibhushanrao, K. and Suryanarayanan, S. — Sporulation of *Pyricularia* spp. in culture effect of some aromatic compounds, 105.

.. Effect of some phenolic compounds on sporulation and growth of *Pyricularia* spp., 140.

.. Sporulation of *Pyricularia* spp. on detached leave of gramineae and in media supplemented with leaf extracts, 145.

Padgaonkar, A. S. and Rangneker, P. V. — Influence of ablation of the endocrine organs on the course of pancreatic diabetes in the water snake, *Natrix piscator* (Russell), 65.

Patnaik, S. .. Observations on control of *Pisia stratiotes* Linn. in fish ponds by "Gramoxone", 15.

Prasad, E. A. V. .. Comparative studies on the black sand concentrates of South India, 231.

Rajasekaran, K. .. *See* Govindarajalu and Rajasekaran.

Raju, D. and Chamaiah, H. N. — Contribution to the embryology of *Christisonia subacaulis* Gardn. (Orobanchaceae), 129.

Rangneker, P. V. .. *See* Padgaonkar and Rangneker.

Rao, A. R. and Rao, C. K. — Root sclereids of *Syzgium cumini* (L.) Skeels, 177

Rao, C. K. .. *See* Rao and Rao.

.. A supernumerary isofragment in *Gliricidia sepium* (JACQ.) Steud, 117.

Rao, K. Sankara .. Studies in Myrsinaceae, I, 160.

Rao, T. A., Sastry, A. R. K. and Shanware, P. G. — Analysis of the basic patterns of an estuarine shor in the vicinity of the Coringa Bay, Andhra Pradesh, India, 40.

Rao, T. S. Satyanarayana .. *See* Mohan and Rao.

Rao, V. Hari .. Free sugars in the reproductive system and haemolymph of the bedbug, 294.

Rattan, S. S. .. *See* Thind and Rattan.

Reddy, K. R. Chandra .. *See* Subramanian and Reddy.

Sastry, A. R. K. .. *See* Rao and others.

Shanware, P. G. .. *See* Rao and others.

Siddiqui, A. Qayyum .. *See* Khan and others.

Subramanian, C. V. and Reddy, K. R. Chandra — *Discosiella* Sydow and *Discosiellina* Gen. Nov., 111.

Sundara Rajan, S. .. Embryological studies in Compositae, III, 167.

Suryanarayanan, S. .. *See* Narayanarao and others.

Thind, K. S. and Rattan, S. S. The Clavariaceae of India, XII, 51.

TITLE INDEX

Alangiaceae, comparative morphology of the, V (Govindarajalu), 221.

Argemone mexicana Linn., studies on, VI, VII (Kaul), 86, 94.

Bedbug, free sugars in the reproductive system and haemolymph of the (Rao), 294.

Black sand concentrates of South India, comparative studies on the (Prasad), 231.

Christisonia subcaulis Gardn. (Orobanchaceae), contribution to the embryology of (Raju and Chamaiah), 129.

Clavariaceae of India, XII (Thind and Rattan), 51.

Compositae, embryological studies in, III (Sundara Rajan), 167.

Convolvulaceae, morphological studies in the family, IV (Govil), 271.

Dennstaedtia, contributions to the morphology of (Kaur), 32.

Discosiella Sydow and *Discosiellina* Gen. Nov, (Subramanian and Reddy), 111.

Erythrocytes, some fish, the hypotonic fragility of (Khan and others), 266.

Estuarine shore in the vicinity of the Coringa Bay, Andhra Pradesh, India, analysis of the basic patterns of an (Rao and others), 40.

Fishes, freshwater teleostean, three genera, histomorphological studies on the neurosecretory system of (Chandrasekhar and Khosa), 257.

Fungi associated with the new malady of coffee in South India (Agnihotrudu), 55.

Glinus lotoides Linn., embryology of (Narayana and Lodha), 77.

Gliricidia sepium (JACQ.) Steud., a supernumerary isofragment in (Rao), 117.

Lianas, correlation between form, structure and habit in some (Bhambie), 246.

Myrsinaceae, studies in, I (Rao), 160.

Natrix piscator (Russell), the water snake, influence of ablation of the endocrine organs on the course of pancreatic diabetes in (Padgaonkar and Rangneker), 65.

Ophioglossaceae in India, cytology of some species of the (Mahabalé and Nair), 201.

Pelagic tunicates in the western part of the Bay of Bengal, distribution of (Bhavanarayana and Ganapati), 1.

Phragmosporous phaeostilbeae from a Rubber Estate in Kerala, a new genus of (Agnihothrudu), 155.
